LILUM AURATUM PLATYPHYLLUM

Wand Lily Gardens

Growers and Shippers

LILY BULBS and SEED

Rt. 1, Troutdale, Oregon

WHOLESALE PRICE LIST - - - 1953 CROP

OFFERING NORTHWEST GROWN LILY BULBS
From the Stocks of

EDGAR L. KLINE Lake Grove, Ore.
LILYDALE BULB GARDENS Milwaukie, Ore.
YEREX BULB GARDENS Newberg, Ore.
WAND LILY GARDENS Troutdale, Ore.

QUANTITY RATES ON LILY AND MISCELLANEOUS BULBS

25 Bulbs one variety and size at 100 rate.

250 Bulbs one variety and size at 100 rate less 10%.

Wholesale orders cannot be accepted for less than five bulbs of one variety and size except on items priced per each. Where so priced 1 to 25 bulbs will be supplied at the each price, 25 or more at single bulb price less 10%.

Flowering size indicates bulbs which will have flowered at least one season in our nursery. Large or 1st size bulbs are top size for the particular variety.

Terms: 2% for cash with order

or 2% 10 days, 30 days net for established accounts.

Unless otherwise specified, Bulbs will be shipped when dug in the Fall. Approximate earliest delivery date is indicated for each variety.

We will accept orders for spring delivery provided they reach us not later than December 15. After this date some varieties are replanted so we cannot promise that all varieties will be available. Spring orders will be placed in cold storage and shipped as directed at no extra cost until April 1. After April 1 a nominal charge will be made for storage.

All Bulb prices are F.O.B. Troutdale, Oregon, and are subject to change without notice.

Our wholesale price lists are intended for the trade only. Kindly do not hand them to amateur growers.

In ordering please specify whether shipment is wanted via parcel post, express, or freight. If wanted by post kindly include postage with remittance.

In shipments of 100 pounds or more we find air freight rates to the principal cities cheaper than railway express or equivalent to motor freight rates. In many instances this may be your cheapest and fastest means of delivery.

Orders for growing crops accepted subject to crop failures, shortages, or other matters beyond our control.

SALES AIDS

Our "Reference Chart of Lilies for Garden and Greenhouse" contains over 2000 items of cultural information covering most of the commercial lilies and is available at \$1.00 postpaid. On request we are prepared to quote quantity prices on the chart for resale. A number of our customers are offering this along with their catalogue listing lilies.

In response to numerous requests we have prepared a leaflet on "Hardy Cyclamen Culture" which is free on request. A copy will be included in all cyclamen orders. Extra copies are also available to our customers for their retail trade.

As mentioned in our previous Trade lists, we now have available a new set of color transparencies for lecture and sales aid use. This set has been expanded during the past years and the list now includes over 250 subjects from which to choose. These photographs can be supplied as slides (2 x 2), enlarged transparencies in sizes 2 1/4 x 3 1/4 and larger or as color prints. A complete list of subjects available and details of their cost will be sent promptly upon request. In corresponding kindly advise whether slides, enlarged transparencies or prints are needed and approximate quantity.

In compiling this list of northwest grown lilies we have added several varieties of which we have ample stock to offer this season. In addition we grow moderate quantities of a number of other varieties and welcome inquiries concerning any of which are commercially available at the present time.

In the following price list we have endeavored to briefly describe all of the stock offered by indicating flower type and size, color, height (maximum average for mature established bulbs) and flowering period under Northwest climatic conditions. All hybrid lilies are so indicated, all others are species or varieties of them.

We take pleasure in presenting our 1953 price list of Lilies, Hardy Cyclamen and other bulbous stock which we believe contains the most complete offering of American grown lily species and hybrids now available to the wholesale trade.

We and our associate growers are consistently endeavoring to maintain our existing stocks in top grade condition and to produce and collect new and interesting hybrids and variations of the existing species. The following five varieties constitute our offering of new and unusual items for the coming fall season. We feel they are most worth while and a valuable addition to any lily collection.

L. ELEGANS GOLD CUP HYBRIDS—A strain of early upright flowering lilies grown from seed from an original cross of *L. Elegans Orange Queen* (syn. *Alice Wilson*) x *L. Daucicum Luteum*. The plants are of rather uniform height (18 to 24") and carry large showy flowers in a range of colors from deep apricot to golden yellow. Some unspotted forms will occur but they are generally dotted dark mahogany. This strain retains the hardiness and ease of culture associated with the *Elegans-Umbellatum* group but eliminates the less desirable colors in the dark orange and orange red shades. Early June flowering.

L. HENRYI ERECTA—A strong erect form of *L. Henryi* propagated from a seedling grown by the late Dr. R. C. Palmer of Summerland, B. C., Canada. This plant carries the typical orange yellow recurved flowers of *L. Henryi* but the stems do not have the lax habit of the Type plant. A valuable addition to our late flowering species. 5 to 7 feet. August.

L. SOVEREIGN—A new Preston Hybrid, the best yellow so far introduced in this group. Richer in color, more vigorous and larger flowering than *L. Coronation* this lily is certain to be a great favorite. Winner of 3 awards NALS Show Cleveland, 1952. The golden yellow recurved flowers are held horizontally from the stem and are lightly dotted reddish brown. July flowering. 3 to 4 feet.

L. SPECIOSUM ALBUM NOVUM—This pure white form of speciosum carries larger flowers of greater substance than *L. Speciosum Kraetzeri*. It is not a new lily but stocks have always been scarce and we are fortunate to have a moderate quantity available this season. The blossoms do not recurve as much as most forms of speciosum and carry yellow anthers, distinct from the brown anthers of Kraetzeri which it follows by some ten days in flowering time. Late August. 5 feet tall. One of the finest cut flower and garden lilies.

L. T. A. HAVEMEYER HYBRID SEEDLINGS (Special Select)—For the past several years we have been selecting the outstanding individual plants from each succeeding crop of Havemeyer seedlings. These are especially selected for flower type, color, stature and general desirability and a number of them are being propagated as clones for subsequent naming. Flower types vary from semi-trumpet to semi-recurred forms in a color range from light cream to deep buff, many unspotted. All bulbs are selected first to color of bloom which assures a definite assortment for any quantity ordered. Height varies from 5 to 7 feet and flowering time from early August to early September.

		Per 10	Per 100	Delivery Date
L. Amabile — Recurved, medium, orange red, 3 ft. Late June.	4-6".....	3.15	25.00	Oct.

	6" up.....	6.25	50.00	Oct.
L. Grayi —Bell, small, deep red with orange throat and mahogany dots, 4 ft. July.				
	1st Size.....	4.40	35.00	Oct.
L. Grenadier Hybrids Select — Large, slightly recurved horizontal flowers. Chinese coral dotted garnet brown. 3 to 5 ft. July. Flowering size.....				
	Flowering size.....	18.75	150.00	Oct.
L. Guinea Gold (Hybrid) — Recurved, small, buttercup yellow dotted brown, 4 ft. Late June. Flowering size.....				
	Flowering size.....	18.75	150.00	Oct.
L. Hansonii —Recurved, medium, cadmium yellow spotted mahogany, 5 ft. June.				
	5-7".....	5.00	40.00	Sept.
	7" up.....	7.50	60.00	Sept.
L. Henryi —Recurved, medium, bright orange yellow with few brown spots, 6 to 8 ft. August.	6- 8".....	3.15	25.00	Late Oct.
	8-10".....	4.40	35.00	"
	10-12".....	6.25	50.00	"

		Per 10	Per 100	Delivery Date
L. Henryi x Aurelian Hybrids —A 1951 introduction. Scale propagated selections of flaring and recurved types in pastel tones. 5-6 ft. August.				
Flowering size.....	15.65	125.00		Late Oct.
L. Henryi Erecta — See introductory description.				
Flowering size.....	7.50	60.00		Late Oct.
L. Humboldtii Magnificum — Recurved, large, golden orange spotted oxblood red, 6 ft. July.	1st size.....	7.50	60.00	Oct.
L. Japonicum — Trumpet, medium, rose pink to light pink, 4 ft. Late June to July.	4-6".....	6.90	55.00	Oct.
L. Japonicum Platyfolium — A 1952 introduction. Medium to large trumpets. Rose pink. 3 ft. Mid-June. A northern hardy form apparently intermediate between L. Japonicum and L. Rubellum.	Flowering size.....	8.15	65.00	Oct.
L. Jillian Wallace (Hybrid) — A 1952 introduction. The most interesting hybrid lily offered for many years. This plant is a cross between L. Speciosum Gilrey x L. Auratum "Crimson Queen" and the flowers show the influence of both parents. The large outward facing blooms open flat with slightly recurved tips. The color is basically white flushed and spotted crimson rose. 3 to 5 feet. August.	Flowering size.....	5.00 each		Late Oct.
L. Lillian Cummings (Hybrid) — Recurved, medium, bright orange red with few garnet spots. 5 ft. July	4-6".....	3.15	25.00	Oct.
6" up.....		5.00	40.00	Oct.
L. Longiflorum Croft — Large white trumpets on short stems. The most popular forcing lily for Easter. 1½-2 ft.				
6- 7".....	2.00	16.00		Oct.
7- 8".....	2.85	23.00		Oct.
8- 9".....	3.75	30.00		Oct.
9-10".....	5.00	40.00		Oct.
L. Longiflorum Estate — Almost identical to Croft except taller. Is an excellent garden variety. 3-4 ft. July.				
6- 7".....	2.25	18.00		Oct.
7- 8".....	3.00	24.00		Oct.
8- 9".....	4.10	33.00		Oct.
9-10".....	5.50	44.00		Oct.

		Per 10	Per 100	Delivery Date
L. Longiflorum Estate x Snowdrift —Seed grown strain of the popular Estate lily crossed L. Longiflorum Snowdrift. Typical Easter lily trumpets on long stems varying from 2 to 4 ft. Excellent for cutting, under glass or outdoor planting.	July. Flowering size.....	3.75	30.00	Oct.
L. Margaret Johnson (Hybrid) —Semi-recurved, medium, Chinese coral dotted garnet brown, 4 ft. July.	Flowering size.....	7.50	60.00	Oct.
L. Marhan (Hybrid) —Recurved, small, buttercup yellow shaded and dotted ox-blood red, 4 ft. Late June.	Flowering size.....	18.75	150.00	Oct.
L. Martagon Album —Recurved, small, pure white with golden anthers. 3-4 ft. June to July. Flowering size.....		7.50	60.00	Oct.
L. Maximowiczii Wadai (Early Tiger Lily) —Recurved, large, deep orange red spotted mahogany, 6 ft. July.	Flowering size.....	1.50	12.00	Sept.
